

This is not an all-inclusive list of maintenance medications, and it is subject to change at least quarterly or more frequently in Express Scripts' discretion. Not all of the drugs listed are covered by all prescription-drug benefit programs; check your benefit materials and formulary for the specific drugs covered and the copayments for your prescription-drug benefit program. For specific questions about your coverage, please call the phone number printed on your ID card.

**For the member:** Generic medications contain the same active ingredients as their corresponding brand-name medications, although they may look different in color or shape. They have been FDA-approved under strict standards.

**For the physician:** Please prescribe preferred products and allow generic substitutions when medically appropriate. Thank you.
