

# Welcome to Express Scripts

Egyptian Area Schools Employee Benefit Trust and Express Scripts want to let you know that starting June 1, 2017, Express Scripts will be managing your prescription plan. We care about your health and work to make medicine safer and more affordable. We encourage you to take advantage of the services and resources available to help you and your dependents manage your pharmacy benefit. We look forward to serving you soon!

## Home Delivery from the Express Scripts Pharmacy

One of the best things about home delivery is that we ship up to a 90-day supply of your long-term medicine (the kind you take regularly) right to your door from the Express Scripts Pharmacy<sup>SM</sup>. It's safe, secure and speedy – and means less time in a pharmacy line! You are also able to obtain a 90 day supply of maintenance medications through participating in-network retail pharmacies.

**Prescriptions with open refills will be transferred to the Express Scripts Pharmacy from your current home delivery pharmacy except for controlled substances and compound medications. Call or go online to order your medications beginning 6/1/17.**

Here's a quick look at the benefits of Home Delivery:

- Free standard shipping\*
- Up to a 90-day supply of your long-term medicines delivered to your home
- 24/7 access to a pharmacist from the privacy of your home
- 25% less than retail pharmacies on average\*\*
- Order your refills online or on the phone

\*Average percentage savings figure based on analysis of Jan-Dec 2013 claims for clients with an integrated benefit, excluding Medicare clients and clients participating in mandatory mail programs. Patient savings based on patient shifting all long-term medicines to mail.

\*\*Cost of standard shipping is included as part of your prescription plan.

## Formulary

A preferred drug list helps keep healthcare costs down for everybody. It's a list of medicines that have been reviewed and approved for safety, effectiveness and cost by a panel of doctors and pharmacists. This list is continually reviewed and updated as new medicines become available.

Note that certain medicines are excluded from your formulary and therefore not covered due to equally effective and safe alternatives being available. If you're currently taking a medicine in one of the below drug classes, please visit Express-Scripts.com starting 6/1/17 for the latest coverage information. You will have 90 days to discuss alternative therapies with your physician. Drug classes of exclusions include: Autonomic & Central Nervous System, Cardiovascular, Dermatological and others.

To see if a medicine is on your formulary drug list, please go to [www.express-scripts.com/EgyptianTrust](http://www.express-scripts.com/EgyptianTrust) beginning 5/19/17.

## Network Retail Pharmacies

Network pharmacies are retail pharmacies that are preferred by your prescription plan. When you go to a pharmacy that's in your network, you'll often pay less for your medicine. If you go to a retail pharmacy that's out of your network, depending on your plan, you'll typically pay more. You are also able to obtain a 90 day supply of maintenance medications through participating in-network retail pharmacies.

To find an in-network pharmacy near you, go to [www.express-scripts.com/EgyptianTrust](http://www.express-scripts.com/EgyptianTrust) starting 5/19/17 or Quantum Health Care Coordinators at (855) 452-9997 beginning 6/1/17.

Be sure to show your new ID card at the pharmacy beginning 6/1/17. If you need to transfer your prescription from an out of network pharmacy to an in-network pharmacy, just choose one of the following:

- Bring your prescription to an in-network pharmacy, and the pharmacist will transfer it
- Call a pharmacy in your network, and ask the pharmacist to transfer your medicine
- Ask your doctor to call your prescription in to an in-network pharmacy

## Step Therapy

Step Therapy rules may apply to patients who take a long-term medicine for conditions like arthritis, high blood pressure and high cholesterol. Step therapy is how we help keep everybody's healthcare costs down, while providing safe, effective medicine choices. For example, if you're taking a brand name medicine when there is an equally effective, lower-cost generic available, a step therapy rule encourages you to try the generic first. Using generics is less expensive for you and your employer or plan. If you have tried one of the lower-cost generics in the past 130 days, you will not need to go through this process.

To learn more, watch the short video at <https://www.express-scripts.com/members/steptherapy/steptherapyfacts.htm>

## Manage Your Prescription

One of the great things about being an Express Scripts member is that you can manage your medicine easily on your laptop, tablet, desktop or phone. Whether you want to check your order status, look for savings opportunities, look up information about your benefit, get a refill or even find a pharmacy, the Express Scripts app can help!

Just register at [Express-Scripts.com](http://Express-Scripts.com) or on the app beginning 6/1/17.

You can download the app on your phone by searching your app store for Express Scripts. (Availability and features may vary)

## Accredo Specialty Pharmacy

Accredo® is the Express Scripts specialty pharmacy. A specialty pharmacy provides medicine and therapy for patients with serious, chronic conditions like cancer and hepatitis C. Accredo offers specialized teams of pharmacists, nurses and clinicians who are specially trained on your condition. This level of specialization gives you the most comprehensive, compassionate and customized care available.

Accredo offers many specialized services, including:

- Personal care and health advocacy assistance from patient care coordinators
- Financial assistance (availability varies by plan)
- Guidance for patients and caregivers for taking specialty medicines most effectively
- All necessary ancillary supplies such as syringes and sharps containers

Beginning 6/1/17 Specialty medications must be filled through Accredo. If you currently have a prescription for a Specialty medication through Caremark, these will be transferred to Accredo 6/1/17. Please visit [www.express-scripts.com/EgyptianTrust](http://www.express-scripts.com/EgyptianTrust) beginning 5/19/17 for a list of Specialty medications. To learn more about Accredo, please visit [Accredo.com](http://Accredo.com).
