SCHEDULE OF BENEFITS – PLAN HDHP - HIGH DEDUCTIBLE HEALTH PLAN

Effective January 1, 2018

This Plan is a **High Deductible Health Plan (HDHP)**, designed to qualify for use with a Health Savings Account (HSA). All charges except charges for preventive care (as defined under IRS rules) are subject to the Calendar Year Deductible.

When you need to see a physician, a physician network, PHCS, is utilized for all physician services (primary care and specialists) and ancillary services. This gives you access to a wide network of providers.

When you need care from a hospital or outpatient facility, Value-Based Fair Price comes into play to keep your costs down. Your physician will recommend a hospital or outpatient facility, as usual. They will pre-certify your treatment based on the Plan Guidelines. Based on rates established by Medicare and other resources, a fair price will be identified for your treatment. The facility will then be advised up front of the allowable charge, which is almost always lower than what they would normally charge, and proceed with scheduled services. As usual, you will be responsible for any copays, deductible, and coinsurance up to the maximum amounts shown below. This Plan uses the PHCS Network for physicians and ancillary providers only. This means that your access includes the full network minus hospitals. You may search online at www.multiplan.com for a PHCS preferred provider.

If you have questions about your benefits please contact your HealthSCOPE Benefits Customer Care at (800) 397-9598.

Benefit Maximums

Physical, Speech or Occupational Therapy	80%		
Home Health Care Home Infusion Skilled Nursing Facility Hospice Care	80%		
Covered Prescription Drugs not covered under the Drug Card Benefit	80%		
All Other Covered Expenses	80%		

PRESCRIPTION DRUG CARD BENEFIT

Under an HDHP, most prescription drug charges are subject to the Calendar Year Deductible. For covered drugs classified under IRS guidelines as preventive drugs you will pay the Copayments shown below. However, for drugs prescribed to treat an existing illness or medical condition you must pay 100% of the discounted charge for each prescription until you satisfy the Individual Calendar Year Deductible (if you have individual coverage), or until you and all covered family members satisfy the Family Calendar Year Deductible (if you are enrolled for Employee + Spouse, Employee + Child(ren) or Employee + Family coverage). After you satisfy the applicable Calendar Year Deductible, you will pay the Copayments shown in the following table until your out-of-pocket expenses satisfy the appropriate Calendar Year Out-of-Pocket Maximum. The Plan will then pay 100% of the cost of your covered prescription drugs for the remainder of the year. A list of preventive drugs can be found on the Egyptian Trust web site at www.egtrust.org.

You have the option to fill the first two months of a newly prescribed maintenance medication at any local retail pharmacy for the normal 30 day co-pay. After the first two fills of a maintenance medication each fill afterward will be required to be a 90 day fill at either a participating 90 day retail pharmacy or through Home Delivery. You can buy up to a 30 day supply of any covered medication that is not a maintenance medication and is not a specialty medication at any retail pharmacy.

You are required to purchase specialty drugs through Accredo, an Express Scripts specialty pharmacy and in most cases are limited to a 30 day supply. Specialty drugs are very high cost biologic and injectable drugs that are not typically stocked by retail pharmacies. **If a member tries to fill a specialty script at retail, the pharmacy will notify the member that the drug must be ordered from Accredo**. You may begin using Accredo for those specialty medications at any time by calling 1-877-ACCREDO (222-7336).

Prescription Drug Copayments	Retail 30 day supply	Retail 90 day supply Maintenance drugs after first 2 fills	Home Delivery up to 90 day supply
Generic	\$12	\$36	\$30
Preferred Brand	\$25	\$85	\$55
Non-Preferred Brand	\$40	\$130	\$100
Oral & Injectable Specialty Drugs	Copay plus 3%	Copay plus 3%	Copay plus 3%
