

ATTENTION: Our records indicate a member of your household is currently taking a medication that will no longer be covered as of December 1, 2012

SUBJECT: ***EXCLUDED MEDICATIONS***

Dear Member,

The Egyptian Trust is committed to helping you pay less for your prescriptions. Beginning September 1, 2012, prescriptions for Trust members will be processed through CVS Caremark instead of Express Scripts. The CVS Caremark pharmacy staff continually reviews drugs, products and prices to make sure the medicines that work well and are cost-effective become a part of your formulary drug list.

Enclosed you will find a list of medications that will **no longer be covered** under the Egyptian Trust prescription benefit as of December 1, 2012, as well as covered formulary alternatives. If you are currently taking one of the excluded medications, you **will need to switch** to an alternative covered medication.

To ease this transition, you will not be charged any copay the first time you fill a prescription for a covered alternative to the excluded medication, if you fill it between 9/01/2012 and 11/30/2012.*

Your next steps:

- Talk to your doctor about choosing a clinically appropriate and cost effective alternative formulary medication.
- If you are using a retail pharmacy: Have your doctor write you a new prescription for the alternative medication, or call in the new prescription for the alternative medication to your local pharmacy.
- If you are using mail service: Your doctor can call in the new alternative prescription toll-free to 1.800.378.5697. Or you can call CVS Caremark FastStart® toll-free at 1.800.875.0867, Monday through Friday 7 am to 7 pm (CST), and they will contact your doctor for you.
- To find a covered, cost effective, alternative drug treatment, your doctor may consult the CVS Caremark website for pharmacists and medical professionals at <u>www.druglist.com</u>. However, **if your doctor chooses a non-covered drug, you will be required to pay the full cost.**
- You can check for the latest updates on drug alternatives and prices throughout the year by visiting <u>www.caremark.com</u>.

Sincerely,

The Egyptian Trust

* Offer good between 09/01/2012 and 11/30/2012. Good for up to one 90 day prescription at a participating retail pharmacy or CVS Caremark Home Delivery.
