**Subject:** Egyptian Trust Summer Newsletter  
**Attachments:** Employee Announcement.pdf; Summer 2012 Newsletter FINAL.pdf

This email is being sent to all of the Superintendents, Board of Managers Members and Bookkeepers we have on file for the Egyptian Trust. If you received this email in error please forward to the appropriate party and contact Krista Breakfield at the Metro East Service Office of Meritain Health to update the contact information.

Dear Participating Employer Group ~

Attached is the Summer Newsletter outlining the upcoming premium increases and benefit enhancements beginning September 1, 2012. We always request that you deliver the newsletter to each of your employees to keep them informed of upcoming changes within the Egyptian Trust. It is especially critical the membership receives this newsletter as the Prescription Drug Provider will be changing to CVS Caremark on September 1, 2012. We have included information that details the differences between the current program and the CVS Caremark program.

Please note that the upcoming 12<sup>th</sup> Annual Administration meetings will address the prescription drug program changes in detail. In addition, we will be rolling out the details of the Coordinated Health/Care Program. This program is designed to remove the guesswork of who should be called for what. Often times, members become confused as to which of the service providers they are to call whether it's to pre-certify services, receive benefit determinations, find a participating provider, etc. The Coordinated Health/Care Program is a program that will provide a single toll free number to the members to handle all of their health care questions and more. This is information you won't want to miss.

We have also attached a "flyer" that you may print and post wherever you feel necessary to advise your members of the availability of this very important Summer Newsletter.

We look forward to seeing you in July and wish all of you a safe and happy Summer.
