Wellness Incentive for 2014 Ends September 30, 2013

As a reminder, completing **three simple steps** will afford you a reduction of \$100 of your calendar year deductible in 2014 if you have employee only coverage and up to a \$300 reduction of your family calendar year deductible if you cover dependents. If you cover yourself and one dependent your calendar year deductible will be reduced by \$100 for both you and your one covered dependent, or \$200. If you cover yourself and two or more dependents, each covered person's calendar year deductible will be reduced by \$100, not to exceed \$300 per family. This applies to those enrolled in Plan A (formerly Platinum), Plan B (formerly Gold), or Plan C (formerly Silver). Employees enrolled in the High Deductible Health Plan (formerly Bronze) will pay 10% less after the calendar year deductible is satisfied (the co-insurance level will increase by 10% for you and your dependents enrolled in this Plan). Please note that IRS requirements prohibit reduction of the calendar year deductible for a High Deductible Health Plan.

In order to be eligible for the incentive, participation is required by Egyptian Area Schools employees only. (This includes retired employees and individuals covered by COBRA.) Dependents do not need to complete the requirements.

Three simple steps must be completed at www.egtrust.org. Click on the Egyptian Area Schools Coordinated Health/Care logo, then under Health & Wellness click "Your Incentive Checklist". From there you will need to log on or register and follow the simple instructions to complete the following requirements.

1. Designate a Primary Doctor.
2. Enter your biometric screening results.
 - ✓ Your biometrics screening results include height, weight, blood pressure, total cholesterol, LDL, HDL, triglycerides, and glucose. If you've already visited your Primary Doctor, your biometrics screening results must have been obtained between September 1, 2012 and September 30, 2013.
3. Complete your Wellness Assessment (HRA).

All three steps must be completed in order to receive the incentive for the 2014 calendar year.

If you need assistance in completing the three steps, contact the Care Coordinators at (855) 452-9997.

~ HealthCare Blue Book – Get Paid to Save ~

If you are like most people, you probably have a pretty good idea of what you are going to pay when you go grocery shopping, or when you need to replace your cell phone. However, change the conversation from everyday purchases to the topic of healthcare prices, and we are all pretty much in the same place – the dark. Costs charged by different providers for the same service or procedure can extremely vary, often by several hundred or even several thousand dollars, with little or no difference in quality.

Healthcare Blue Book is an online tool that can help you better understand what you should pay for healthcare procedures, as well as find providers offering fair prices in your area.

This is a **FREE** service, and is accessible through the Trust website at www.egtrust.org by clicking on the following logo on the Home Page. You may also contact the Care Coordinators at **855-452-9997** for assistance.

Members will enter a specific service or procedure on the website and the program will bring up a list of providers within the geographical area that provide the specified service. The provider list will be sorted by cost, with the lowest cost providers listed first in the “green zone”, followed by higher cost providers shown in the “yellow zone” and “red zone”. The tool will show the range of costs charged by each provider for the service and also shows what Healthcare Blue Book has determined is a reasonable cost for the service.

To encourage members to use the Blue Book tool and choose lower cost providers, the Trust will offer cash incentives for using green zone providers for certain procedures. When a member has one of the procedures listed below performed by a “green zone” provider, the member will receive a check in the specified amount.

Service Type	Procedure Name	Incentive
Cardiac	Doppler Exam of the Heart	\$25
Cardiac	Heart Echo Imaging	\$25
Cardiac	Heart Perfusion Imaging	\$50
Outpatient	Remove Tonsils and Adenoids	\$50

Outpatient	Knee Arthroscopy	\$100
Outpatient	Shoulder Arthroscopy	\$100
Outpatient	Rotator Cuff Repair	\$100
Outpatient	Carpal Tunnel Surgery	\$50
Diagnostic	Colonoscopy (with and without biopsy)	\$100
Diagnostic	Upper GI Endoscopy (with and without biopsy)	\$100
Diagnostic	Sleep Study	\$50
Imaging	All CTs	\$25
Imaging	All MRIs	\$25
Women's Health	Breast Biopsy (with device)	\$50
Women's Health	Hysteroscopy with Biopsy	\$50

The Healthcare Blue Book tool will also allow you to search for any number of other procedures for price comparison purposes. While no incentives are offered for other than the procedures noted above, you may still compare provider costs resulting in reduced out of pocket expenses for the member.
