SCHEDULE OF BENEFITS – PLAN H1

Effective September 1, 2021

This Plan is a High Deductible Health Plan (HDHP), designed to qualify for use with a Health Savings Account (HSA). All charges except charges for preventive care (as defined under IRS rules) are subject to the Calendar Year Deductible. Benefits are paid subject to the copays, deductibles, benefit percentages and maximum amounts shown below. The plan uses the Blue Cross and Blue Shield of Illinois (BCBSIL) PPO Network. To receive maximum benefits, use Network providers. You may search online at **www.bcbsil.com** to determine if your provider belongs to the BCBSIL PPO Network. If you have questions about your benefits, please contact BVA Customer Service at **(855) 686-8517.** BVA representatives are available to help you find quality PPO providers and help you understand your benefits and your share of the costs based on the plan's copays, deductibles, coinsurance, and out of pocket maximums. If you use a Non-Network provider your share of costs will be higher and you may be balance billed by the provider for amounts that exceed the plan's allowed amounts. You will also be responsible for pre-certifying your services when you use Non-Network providers.

PRESCRIPTION DRUG CARD BENEFIT

The prescription drug program is managed by Prime Therapeutics. You have the option to fill the first two months of a newly prescribed maintenance medication at any Prime network retail pharmacy for the normal 30 day copay. After the first two fills of a maintenance medication each subsequent fill will be required to be a 90 day fill at either an Extended Supply Network (ESN) pharmacy or through Home Delivery. You can buy any covered medication that is not a maintenance or specialty medication at any Prime network retail pharmacy. **CVS pharmacies are not in the Prime pharmacy network.**

You are required to purchase specialty drugs that are self-administered through the network Specialty Pharmacy. Specialty drugs are very high cost biologic and injectable drugs that are not typically stocked by retail pharmacies. In most cases specialty drugs are limited to a 30 day supply. **If you try to fill a specialty script at retail after your first fill, the pharmacy will notify you that the drug must be ordered from Accredo Specialty Pharmacy.** You can contact Accredo at **1 (833) 721-1619**. Any specialty drug administered in a physician's office, clinical or hospital setting will be covered under the plan's medical benefit.
